Shoppers Flock To New Ace Store

Antioch's newest retail store, Ace Hardware, is continuing its grand opening celebration this week and shoppers in the area are flocking to the scene to take advantage of the many bargains.

The new store is located on the corner of state routes 59 and 173 and is owned and operated by the Costoff brothers.

Their former location in Orchard Plaza is being taken over by Foremost Liquors.

STATE BANK BALLOON WINNERS, Jason Hyerdall (center) Antioch, and Chuck Hedrick (right) Fox Lake, received savings bond awards from Jack Fields, vice president of the State Bank of Antioch, after their balloons were reported by finders at the greatest distant points. Jason's balloon reached Holgate, Ohio, for first prize of a \$50 Series "E" savings bond while Chuck's was found resting in a cornfield in Mokena, Ill., giving him second prize, a \$25 Series "E" savings bond. Tagged balloons were available at the State Bank and released during Maxwell Street Days July 29, 30 and 31. All tags from released balloons that were returned to the bank by Aug. 25th were considered in determining the winners.

plants and free Coca Cola was available to quench the shoppers' thirst.

MANY TOOK advantage of the chance to register for Ace Hardware's giant shopping spree, which offers \$200 for first prize, \$100 for second prize and \$50 each for third and fourth prize.

Winners will be entitled to select merchandise from the store's entire stock. The drawing will be held on Saturday, Oct. 2.

More opportunities of interest to shoppers appear in the advertisements on pages 14, 15, 16, 17, 18 and 19 of today's Antioch News.

THERE ARE bargains galore listed on those pages, plus a "Lucky Buck" coupon which is worth \$1 toward the purchase of any item in the store selling at \$3 or more.

On pages 16 and 17 there are coupons offering special bargains on lawn and leaf bags, and an eight-quart bag of potting soil.

The new Ace Hardware store obviously is having more impact on Antioch area shoppers than any business that has opened here in many years.

The location is somewhat similar to a homecoming for the organization since its original founding began across the street, where Georgetown Furniture is now located. It operated at that location from

smooth transition that the old location was closed only three hours before the re-opening of the new store the following morning.

James Keegan, supervisor, said the store has increased its staff "to serve our customers." Keegan has high praise for the quality of employees found in this area. He also cited the co-operation of Antioch Community High School in finding high school age employees.

The new store offers the same wide range of merchandise stocked in its former location. Many lines have been greatly expanded and new hard and soft product lines have been added to make the store a more complete shopping unit under one roof.

Fioravanti Construction Co. of River Forest. The bid totalled \$853,425.

Bids were opened for the Sequoia Creek sanitary sewer replacement project and referred to the utilities committee.

AT THE recommendation of the civic activities committee, the board authorized Sue Koppa to hire two teenagers for park and recreation work.

Permission was granted to the Lions Club to conduct its annual Candy Day for the Blind Oct. 8 and 9. However, a request for tag days, Oct. 15 and 16, from the Scarlet Knights Drum and Bugle Corps of Lake County was sent to the civic activities committee for further study. The corps is based in Gurnee.

Citizen John Hortan brought a complaint to the board concerning vehicles trespassing on his and adjacent property near Osmond Park. He states that traffic has been cutting through from Valley View Ct. to Depot St. Trustees Mike Haley, William Seemann and other officials are checking possible solutions.

THE MEETING was recessed until 7 p.m. the following night. On Monday, Sept. 27, the planning and zoning committee meets at 7 p.m.; health animal and nuisance control, and civic activities committee meet at 8 p.m.

Fall clean-up week in Antioch has been set for Oct. 4-8 by the village board.

Village property owners were asked by the board to put everything possible into containers for the annual pick-up.

A new salary ordinance for village officials also has been approved by the board.

Trustees elected after May 1, 1977, will receive \$1,500 a year, the mayor \$2,000, and the village clerk \$900 a year.

SAVINGS WANTED

Highest Rates Paid

The State Bank of Antioch pays the highest guaranteed interest rates allowable under Federal Regulations on all of its savings plans. Put your money to work for you, earning a full, 7.89 annual yield on six year 7-1/2% Certificate of Deposit with a \$1,000.00 minimum deposit. (Federal law and regulation prohibit the payment of a time deposit prior to maturity unless three months of the interest thereon is forfeited and interest on the amount withdrawn is reduced to the regular passbook savings deposit rate.) Money grows faster at the State Bank because we pay you 5.16 annual yield 5% on passbook savings, compounded daily, from the day of deposit to the day of withdrawal (absolutely no penalty for withdrawals). Most savings institutions pay interest on the amount on deposit at the end of the quarter, but the State Bank pays you interest quarterly for the full time your money is on deposit, no matter when you need to withdraw. Your investment is insured safe by the F.D.I.C. while it works for you!

Democrats Wield The Squirt-Gun

(From the Chicago Tribune)

Said Michael J. Howlett, Democratic candidate for governor: "In the tradition of his party, my opponent, a Nixon Republican, has promised..." et cetera. In the tradition of sound politics, such as it is, we can only say, "Come off it, Mike."

The labored effort to connect Republican candidate James R. Thompson to the Nixon administration has become a keynote of the Democratic campaign in Illinois. It is evidently Mayor Daley's idea - and when the mayor produces an idea, good or bad, Democrats are expected to act on it.

This one has been a dry well ever since Mr. Daley started pumping it. The theory he keeps proclaiming is that Mr. Thompson was appointed United States attorney by the Nixon administration to "get Democrats"; that he obliged, and made headlines for himself, by winning indictments and convictions against leading Democratic pols, including some of Mr. Daley's top aides; and that, since no Democratic leader has ever done anything wrong, he must have accomplished this by misusing his powers.

This claptrap will not convince anybody who isn't already convinced. Most voters will remember that Mr. Thompson, while he was U.S. attorney here, made a much more noticeable contrast to the Nixon administration's sleaziness than our Democratic officials did. He is the man who scandalized his own party's leaders by publicly referring to former Vice President Agnew as a "crook." Comparing his blunt talk to the Daley organization's protectiveness toward its own grafters, we do not think the Democrats are in a position to smear anybody.

Still, Mr. Daley seems to think the tactic is promising, and evidently has instructed party spokesman to use it. Lt. Gov. Neil Hartigan obliged the other day by referring to Mr. Thompson as "Nixon's lawyer" - which would be dirty politics if it weren't so hopelessly foolish. Now Mr. Howlett is taking his turn with the squirt-gun. Well, it's his campaign (more or less).

The Democrats, however, should remember one point: This brilliant tactic was conceived by the same man who rejected Treasurer Alan Dixon as a gubernatorial candidate, and insisted on nominating Mr. Howlett - a good administrator, a likable fellow, and a total disaster as a campaigner.

Should the Democrats start wondering now whether Mr. Daley might have made a couple of mistakes? Or should they wait until Nov. 3? Decisions, decisions.

Political Experts To Talk at College

The College of Lake County will hold its annual symposium titled, "The Elections," on Monday, Oct. 18 at 8 p.m. in the Blue Lecture Hall.

The upcoming presidential election will be discussed by

Kevin Phillips, David Halberstam, and Dr. Russell Kirk.

Phillips writes a nationally syndicated column that appears in 100 U.S. newspapers.

Halberstam is the award winning author of "The Best and the Brightest," a political analysis and social criticism of the Kennedy and Johnson administrations. While reporting for the New York Times, he received the Pulitzer Prize in 1964 for his dispatches from Vietnam.

Kirk is the author of "To The Point," a syndicated column

What Kind of \$\$\$ Do You Prefer?

By JERRY PFAARR

For most of our lives, most of us wonderful Americans have devoted ourselves to God, family and country first, and to the American dollar second.

(Well, at least, we hope YOU haven't mixed up YOUR priorities.)

The Supreme Court, in 1963, refused to back up God... and now the U.S. Mint (not to be confused with Certs) is thinking of eliminating that wonderful friend, the paper dollar.

PAPER DOLLARS you see, wear out in 15 to 18 months, because they change hands and billfolds so often.

As a remedy, the government is considering dollar coins that are only slightly larger than quarters.

If Congress approves, treasury officials would then eliminate half-dollars and pennies.

All prices would be rounded off to a nickel. (Stores that sell penny candy to kids are all in favor of this.)

About 75 percent of all coins minted are pennies, and most end up in piggy banks or drawers... or, lately in Antioch, in parking meters.

THE PROBLEM we see with dollar coins is: "Where are we going to keep them?"

We hope no pickpockets are reading this, but we admit that we keep all of our coins in the pocket on the right side of our trousers.

So, if the change from paper dollars to coin dollars does happen, and you see us leaning heavily to the right, you'll know that we're loaded.

ACTUALLY, WE personally haven't had any trouble with pickpockets in Antioch. There was a day in a supermarket line when a young lady bumped into us. We turned quickly, but she looked so much like Marie Osmond that it obviously was only an accident.

We have been checking with friends to see how a switch from paper dollars to coin dollars

would affect them. In other words, where do they keep their change?

"I carry it in my right pocket, just as you do," said Fred Peckelsma. "But if I was left-handed, I'd probably carry it in my left pocket." (That was a truly brilliant observation we had never thought of.)

"I keep it in my car, because I use the tollgates a lot," said a fellow who commutes to Chicago. (He refused to give a description of his car.)

"I keep my change in a jar in my cupboard," said a lady who regularly uses the laundromats.

Most women don't have pockets, so they carry their coins in their purses. A change to heavier dollars might mean that Boy Scouts not only will have to help women across streets, but help them lug their purses, too. (Can they earn an extra merit badge for this?)

"I KEEP it under my hat," said a man who is bald and seldom takes off his hat. (He actually is 6 feet tall but looks like he is only 5-8.)

"I'm all for it," said Frankie Pfeiffer. "Instead of going through my wallet every night, my wife will have to try to remember which pair of trousers I was wearing."

We're sure you've all seen that hippie who parades up and down Main St. He keeps his change in his Afro. At least if he ever gets a haircut, the barber will know he'll be paid. (So will the sweater.)

We would be very happy to continue this survey for the government. If they would just send us a couple thousand of those new dollar coins, we'll try them out and report back.

this fall is 9,684, an increase of 11 percent from the 1975 fall semester when 8,751 students were registered.

According to Dr. Richard Erzen, CLC president, "CLC has experienced continued growth at a time when enrollment at community colleges throughout the state has stabilized or decreased. This growth shows continued acceptance of our college, but it also causes a dilemma for us. State funding for our increased enrollment will either not be available or heavily restricted this year."

Evening students showed the largest increase with a 17 percent rise over last fall. There are 5,099 evening students and 4,584 day students.

Part-time students increased by 13 percent to a total of 7,440, while full-time students enrollment rose by 3 percent.

The distribution of students by town includes: Antioch - 366; Fox Lake - 123; Grayslake - 443; Gurnee - 354; Lake Villa - 350 and Lindenhurst - 225.

Antioch Township students can put their creativity to use for the village as they are encouraged to develop ideas to redesign Antioch's shopping area.

The Antioch Chamber of Commerce and Industry and the Environmental Education Office are co-sponsoring a village planning contest. Any medium is acceptable, but sponsors suggest not using material such as chalk or grease pencil which can smear. Contestants are encouraged

to "do their own thing" in displaying a theme design and are not limited to buildings alone. Suggestions for landscaping, street lighting, and other features are welcomed.

The sole limitation is the use of only flat-face signs to conform with the new village sign ordinance (signs flush with building, not over-hanging sidewalk).

Entries which are due Nov. 12 will be judged in four divisions by grade level: kindergarten-3, 4-5, 6-8, and 9-12 (designs in the

last division must be done in perspective). Group projects are acceptable if the members are all in the same grade division.

In each division, cash prizes will be awarded of \$25.00 for first place, \$15.00 for second place, and \$10.00 for third place.

For further information, contact a school art teacher; the Chamber office, 909 Main St., 395-3381; or the Environmental Education office, Antioch Upper Grade School, 395-5333.

Allendale School Adds 2 Supervisors

Two supervisory positions have been filled at the Allendale School in Lake Villa.

Thomas C. Daugirdas, who has a degree from Northern Illinois University, with his doctorate in clinical psychology, has been appointed residential units director.

Daugirdas comes to Allendale with a wide range of experience in the care of emotionally disturbed and difficult-to-handle children.

His most recent position was as coordinator of outpatient services for the Lake County health department.

Daugirdas has conducted research in the effectiveness of a pilot, elementary school reading program, follow-up interviews and evaluation of telephone employees as part of an ongoing management progress research project.

His responsibilities at Allendale will be to direct and supervise all aspects of individual and group treatment programs, to develop child care policies, practices and procedures, and to provide direction and supervision for all child

at the Kalamazoo Valley Multi-handicap Center, where he designed and conducted therapy sessions with multiply handicapped children.

He has also taught in the Chicago public school system, working with disadvantaged children.

Bob's duties at Allendale will primarily involve the supervi-

Cancer Society Bike-A-Thon Set for Oct. 3

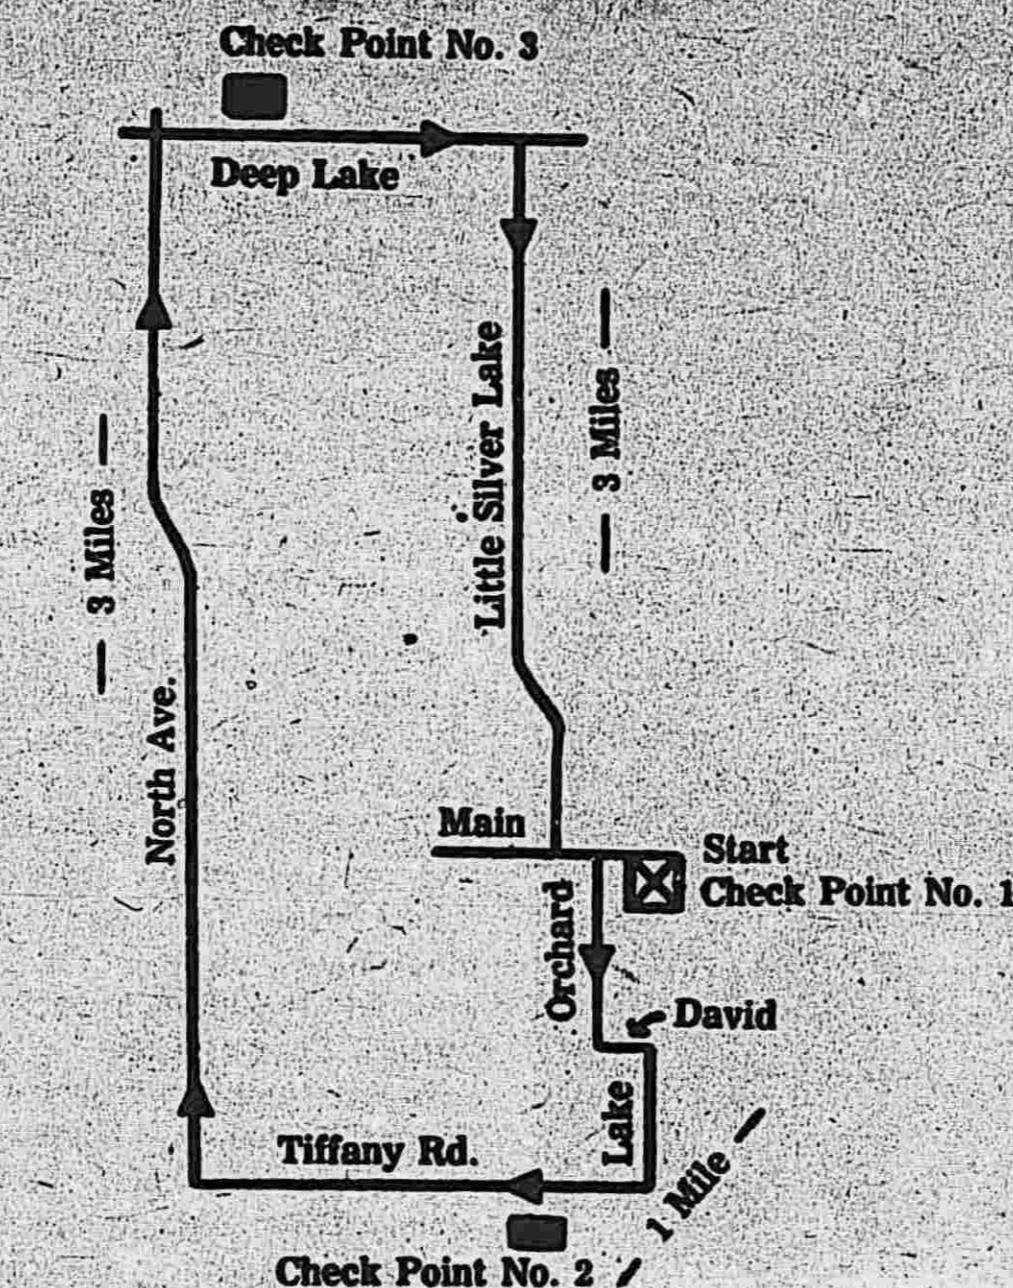

Pres Reckers, chairman of the American Cancer Society's 5th annual Antioch Bike-A-Thon, to be held Sunday, Oct. 3, has announced that entry blanks are now available in area schools, at the Antioch village hall, the State Bank of Antioch, the Shoe Box, Four Squares and Antioch Bowling Lanes.

Rain date for the event, covering a total of 14 separate routes in Lake County, is Sunday, Oct. 10.

The seven-mile Antioch route will start at the fire station and proceed west on Orchard St. to David St., then south to Lake St., west to Tiffany Rd., north to North Ave., east to Deep Lake Rd., south to Little Silver Lake Rd. and west to the point of beginning.

The Bike-A-Thon starts at 8 a.m. and may begin only from the first checkpoint at the fire department. Other checkpoints are the Antioch Evangelical Free Church and the Atwood residence on Deep Lake Rd., south of North Ave.

PARTICIPANTS ARE encouraged to ride the Antioch route as many times as they are

able, but no one can pass through "checkpoint one" at the fire department after 2 p.m.

Those wishing to participate should obtain as many spon-

sors as possible prior to the date of the ride.

OAKWOOD KNOTS NEWS

By JENNIE LIPMAN

Don't forget the monthly membership meeting at 8 p.m. tonight. State Bank of Antioch. All residents are welcome.

The following have volunteered to head committees for regular and special events throughout the year: Chal Mercer, beach committee; Loretta Schiffman, welcoming; Tenza Jandula, social committee; Barb Johnson, monthly newsletter.

Plans are underway for the Halloween parade and costume-judging. Co-chairmen for that event are Carol Barker and Roseann Mazzio. Co-chairman for the spring dance are the Sam Lombardos and the Woodruff Kellys. Volunteers are still needed to head a Christmas committee.

So a sidewalk will be laid from the Oakwood Drive entrance along North Avenue to Main Street. Not only will that improve our community, but it will also make it much easier for those of us who may take an occasional stroll toward town.

A party celebrating the christening of their daughter, Jayme Joy was hosted by her parents, Joe and Jeannine Leonhart. They entertained about 40 friends and relatives.

Center Celebrates Anniversary

The Human Services Center, Rt. 83, Salem, enters its third year of operation this month. This milestone will be marked by an open house, 3 p.m. to 6 p.m. on September 29. The public is encouraged to attend. The staff will be present to answer questions about the Center's operation. Refreshments will be served.

The center was established in September 1974. It is a joint office of the Family Counseling Center and the Kenosha County Council on Alcoholism and Other Drug Abuse. The Center offers marital counseling, family therapy, alcoholism counsel-

ing, psychotherapy for individuals of all ages, and drug counseling. Emotional and drug problems of all kinds are dealt with by the Human Services Center staff.

Staffers include a psychiatric social worker, an alcoholism and drug counselor, and a receptionist. Psychological testing is conducted; psychiatric coverage is available through the Family Counseling Center in Kenosha.

The Human Services Center is unique -- the only clinic of its kind located in Western Kenosha County organized specifically to fill the needs of County residents.

merchants and businesses are good sources and they can be asked to sponsor riders for each mile they ride. For instance, a good starting pledge would be a dime a mile and many sponsors in past Bike-A-Thons have paid more per mile.

Riders can carry a small passenger during the ride and sponsors for the little one can also be obtained.

cessful each year," said Mr. Reckers.

"Since the ride is scheduled for a Sunday this year, the number of participants could double that of previous rides. We welcome one and all to join us," he said.

Last Week To Enter 'Grand Slam' Contest

This is the last week for persons to enter the 2nd annual "Grand Slam" vacation contest sponsored by Rittenhouse & Embree Lumber Co.

Persons can register at the store, 315 Depot St., and possibly win a trip to either Acapulco, Las Vegas, Disney World or Mexico City.

Manager Francis (Bud) Scichowski said no purchase is necessary and that persons can register through Sept. 25.

On Oct. 8 the winner will be selected in a unique contest.

Last year Gus and Evelyn Magenesales chose a trip to Mexico City after a party at Antioch Country Club.

Twelve lucky persons were invited, a movie of a horse race was shown and each person was given a horse. No one knew the outcome, but after two exciting minutes of watching the race, the Magenesales' thoroughbred was the winner.

After the 25th, the names of the finalists will be announced

in the newspapers.

Mr. Scichowski said that 20 or more persons will be invited to the "Grand Slam windup" party to select the winner of the vacation trip for two.

"Our customers are the greatest people in the world," he said, "and this is one of our ways of showing our appreciation for their patronage. I only wish that all of the contest participants could be winners."

Be sure to see the advertisement on page 5 of this issue.

Grass Lake Adopts School Lunch Policy

The Grass Lake school district has announced its policy for free milk and reduced price meals for children unable to pay the full price of meals and milk served under the national school lunch, school breakfast, and special milk programs.

Local school officials have adopted family size and income criteria for determining eligibility. The information is available at the school office.

Children from families whose income is at or below certain

levels are eligible for free meals, free milk and reduced price meals.

In addition, families that do not meet the criteria but have unusually high medical expenses, shelter costs in excess of 30 percent of income, special education expenses due to the mental or physical condition of a child, or disaster or casualty losses are urged to apply.

Application forms are being sent to all homes in a letter to parents.

Bishop Hill in 'Heritage' Spotlight

Many of the skills and activities that made Bishop Hill a pioneer success will be recreated Saturday and Sunday, Oct. 2 and 3, during the Bishop Hill Jordbruksdagarna (Agricultural Days).

It was in the autumn of 1846 when a small band of weary pioneers completed its journey from Sweden and arrived in the wilderness of Henry County to found a communal settlement.

On the site which was to become the Bishop Hill Colony, the pioneers literally dug-in for the winter by building crude shelters along the side of a ravine. Those who survived the winter were joined by fellow Swedish dissidents in search of religious freedom, and in less than a decade they built a self-sufficient town - a major commercial center of more than 1000 people.

Sponsored by the Department of Conservation, which owns several sites in the historic community, the Jordbruksda-

garna is part of the Department's "Illinois Heritage Days" program, designed to recreate specific historic periods or to focus on outstanding natural resources in Illinois.

Agricultural activities of the Jordbruksdagarna will include in-the-field demonstrations of sorghum harvesting, pressing, and molasses making; broom corn and hay harvesting; and breaking and spinning flax.

Blacksmithing will be only one of several pioneer activities to take place in the Colony Blacksmith Shop. There also will be rug weaving; natural dyeing with wild plants; broom, candle, and quilt making; and silver-smithing and pottery-making using Colony designs.

Jordbruksdagarna visitors can take guided tours of the community in which 13 of its original 18 multi-storied Colony buildings remain.

Bishop Hill is located near Galva. Further information can be obtained by telephoning 309-927-3520.

Tips For Safeguarding Vacation Homes

With those hazy, lazy days of summer swiftly slipping away, millions of Americans are about to bid a sad farewell to their vacation cottages and beach houses. For many, this means shutting the windows, locking the front door and forgetting about the "second home" until next spring.

But this sort of casual goodbye definitely isn't a wise idea, insist safety and liability underwriting experts at CNA Insurance.

"More precautions frequently are necessary to safeguard the house you live in for only a month or two a year than for your year-round residence," asserts Thomas Snyder, CNA's director of loss pre-

vention. "There can be more exposure to theft, vandalism, catastrophe and personal liability suits with your occasional retreat - even when you aren't there - than with your home in the city or suburbs."

Snyder points out that police in resort areas report unoccupied vacation homes are burglarized more often than homes of permanent residents, that criminals use snowmobiles to reach vacation homes that used to be inaccessible during the winter, and that property crimes in general are going up at a faster rate in less populated areas than in big cities.

What can be done to minimize the risks to your "away-from-it-all" haven during the off-season? Snyder offers these suggestions:

- Hire a cottage patrol or similar service. If your area has no such service, perhaps some local residents can be encouraged to start one. Do not, however, entrust a key to your dwelling to anyone unless you are absolutely positive about their dependability.

- Keep local police informed of your comings and goings so they'll know when the house should be occupied and when it shouldn't.

- Certain burglar alarm devices are worth the cost. While most professional criminals are able to circumvent many of the more common types, an alarm may help deter amateur break-ins. Any system you consider should be evaluated by the police before being installed.

- Be sure to turn off the furnace and drain the pipes if leaving for any substantial period of time.

- Close the fireplace damper and cover the chimney to keep out birds, squirrels or other small creatures.

- Leave a sign outside the building listing the name and number of someone to call in an emergency. Nothing worsens the destruction from disasters - natural or otherwise - like leaving the damage unnoticed.

Snyder also states it is equally important to check your homeowners insurance to make sure you are adequately covered in the event of damages to your summer dwelling or its contents.

Her Idyllic Exile Ended With a Splash

BY ZAN THOMPSON

When I moved last fall from the Carmel Valley back to the Big City, I refused to explain this seeming regression on my part to the many unbelieving inquirers (well, two). These incredulous individuals acted as if I'd left the pastures of heaven for a smog-smothered, freeway-entangled limbo. Maybe so, for bucolic joys do abound in Carmel Valley, home of the tennis player and the ceramicist, the retired admiral and the headband wheat-germ eater.

But, I swear, I couldn't help myself.

And it's only now, after a few months of settling into the stable hills of Pasadena, that I'm able to discuss that last, tragic day up north. They've unwound me from

the wet sheets, and I can discuss matters without the whites of my eyes showing. And so this is the tale of what can happen to a lady living in a false nirvana beneath cerulean skies and surrounded by gentle green hills.

One day in October, at the end of a pleasant afternoon in the garden, I repaired to my bathtub to wash off the rich loam and to admire my pink toes through blue bubbles the way the girls do on TV.

I was in that somnolent state which is the reward of an afternoon of mild garden digging when I heard the cry of Cuchulain, my large black and white cat.

He had come to me as a stray, and ever

Surprise Them with A White House Recipe!

Everyone is wondering who will sit in the Oval Office after the election, and White House Chef Henry Haller is probably wondering what he'll serve the next President. But we doubt if he's worried about it, because Haller is used to filling big orders which would make the average homemaker shudder. For instance, how would you feel if you were suddenly called upon to whip up a fast lunch for the President and fifty of his staff and cabinet members during a normal workday? It's routine for Haller. So is a turkey dinner for 225, a buffet for 1500 and, quite commonly, State Dinners such as the one for the President of France and 159 other guests.

But White House chefs have a reputation for serving up delicious meals. You too can recreate a White House specialty for your own family. President John Quincy Adams and his wife, Louisa, had a favorite recipe for chicken croquettes, which we're pass-

ing on to you:

President Adams' Favorite Chicken Croquettes

2 to 3 cups, cold, cooked chicken
3 to 4 slices cold ham
2 cups, grated stale bread or bread crumbs
salt and pepper
grated nutmeg
1 tsp. mustard
1 tbslp. catsup
1/2 lb. butter
1 egg yolk, beaten drippings, for frying
parsley sprigs to garnish with

Finely chop together, chicken and ham. Add half as much grated stale bread or bread crumbs, salt, pepper, grated nutmeg, mustard, catsup and butter. Knead all together well. Make into cakes of the desired size, dip each into beaten egg yolk, cover thickly with remainder of grated stale bread or bread crumbs, and fry in drippings until light brown. Serve hot, garnished with parsley sprigs and radish roses.

Auxiliary Officers Installed

The joint installation of the American Legion Post 748 and its auxiliary was held Sept. 16 at the Legion hall, preceded by a buffet supper.

Auxiliary officers installed were Eunice Rathmann, president; Helen DeVries, first vice-president; Ruth Pettigrew, second vice-president; Rose Kennedy, treasurer; Vera Horton, secretary; Mildred Effinger, historian; Eva Fields, chaplain; and Lydia Pederson, sergeant-at-arms.

Coffee and cake rounded out the evening for the 100 friends and guests present.

Astro-Analysis

By Sonia

ARIES [March 21-April 19] - By attending gatherings and functions you are in a better position to promote business aims. Look carefully at new deals that are offered.

TAURUS [April 20-May 20] - You can enjoy a progressive week, accomplishing many new duties if a good work-relationship with colleagues is established. Harmony with others is essential now so be congenial.

GEMINI [May 21-June 21] - Don't take unnecessary chances on affairs of the heart; romantic ventures deserve your undivided attention. Gambling on uncertainties is a high risk.

CANCER [June 22-July 21] - A well-planned schedule may be temporarily interrupted, especially where home affairs are concerned. Try to maintain a reasonable routine and keep family members posted on your new activities.

LEO [July 22-August 21] - You're prone to want to gather all the facts before becoming involved with new ideas. As patience tends to hold out for detail work take advantage of these fine conditions.

VIRGO [August 22-September 22] - Aims should be directed toward money matters; you now have the capacity to add abundantly to current resources. Use your abilities and talents to promote career plans.

LIBRA [September 23-October 22] - New responsibilities can be taken on with self-confidence; ability to get things done effectively prevails. You are an example setter now so be on your best behavior.

SCORPIO [October 23-November 21] - Go at a disciplined pace that is not too demanding. A good week to get involved with civic affairs or aiding others.

SAGITTARIUS [November 22-December 21] - A career boost may come through social contacts or friends; an advantageous week for expanding your circle of acquaintances.

CAPRICORN [December 21-January 20] - Not a week to take short cuts where occupational matters are concerned; take the time to be thorough, considering all angles.

AQUARIUS [January 21-February 19] - Devote more time to studies and academic interests. As views are more philosophical now you tend to feel more at ease with those who share your ideas so seek out their company.

PISCES [February 20-March 20] - Although the urge to work along prevails, you should be willing to take close confidants in, especially where a partnership is concerned.

THE WINNER of the ELLA-phant award at last week's Republican golf outing and dinner was Robert Milton (left), candidate for county auditor. In the center is Mike Cudahy, president of the Lake County Republican Federation, and at the right is Frank J. Benes, president of the Antioch Township Republican Club. The award recognizes people who have made considerable contributions to the Republican Party. Milton was county GOP chairman for many years. The ELLA-phant award was originated, designed and given its catchy name by Harry Stern.

Aiken On Aspirants

Vermont's Senator George Aiken, who retired as the Republican dean of the Senate after 34 years' service in 1974, has published his diary, which tells much about the Senate and many Senators now serving there.

The most interesting observation for some will be his dim view of Senators running for the presidency from the Senate. In his diary he records: "I have never seen so many incompetent persons aspiring to high office," referring to the seventies.

"No, I'm not interested in seeing your wine list."

Thelen Wedding: Color It Red

When Mary Beth Thelen of Spring Grove was united in marriage to Robert Varak of Cicero last Saturday, she was only one of the 11 redheads playing an important part in the wedding.

Mary Beth is the daughter of Mr. and Mrs. Vern Thelen, both redheads and the parents of the nine red-headed children.

Vern, who owns Thelen Sand and Gravel Co., just west of Antioch, "gave away" the bride, of course. And his wife, Bunny, had to do all the work that falls upon mom when her daughter is getting married.

THE EIGHT other Thelen children played important roles, too.

Jack, 26, was busy taking movies. Susan, 22, was the maid of honor. Thomas, 20, was one of the groomsmen. Peter, 18, sang and played the organ. Steve, 16, served as an altar boy. Ann, 14, was a bridesmaid. Barbie and Peggy, 11 and 10, were junior bridesmaids.

Even Jack's wife, Debbie, played a vital role ... preparing the baskets of rice that were showered on the bride and groom.

MARY BETH and Robert were married at St. Bede's church in Ingleside. To show how small the world can be, they were wed at the same altar at which her parents, Vern and Bunny, were married 28 years ago. Then it was located at St. Patrick's in McHenry, but when St. Patrick's remodeled the altar was moved to St. Bede's.

After Father Jim Balija united them in marriage, Mary Beth and Robert attended a reception at the Johnsburg Community Club, where they were congratulated by more than 300 friends and relatives.

The couple will have a honeymoon in San Francisco, then make their home in Brookfield. Robert works for the 3-M Corporation and Mary Beth is an underwriter for the Home Insurance Co. in Chicago.

WHEN VERN and Bunny were married, the priest told them it was the first time he had ever performed a marriage ceremony for two redheads. But last Saturday's wedding probably set a world's record for redheads, with all 11 Thelens involved. (Outside their home, across from Fox Lake Country Club, the sign says: Thelenville: population 11.)

Last Saturday's wedding saw Ron Czajka alongside Robert as best man, and Frank Varak, Nick Kaup and Joe Vogel as groomsmen.

Bridesmaids included Nancy Nehlburg, Kate Lingsweiler and

Mr. and Mrs. Robert Varak, the former Mary Beth Thelen, were married last Saturday at St. Bede's Church in Ingleside. Mary Beth's high-collared jersey dress was accented with venice lace at the key-hole neckline on the long sleeves and on the edge of her A-line skirt, which swept into a chapel length train. Her picture hat was also covered with venice lace and seed pearls. The bride is a graduate of the University of Wisconsin at Stout, and the groom graduated from the University of Wisconsin - Stevens Point. After a honeymoon in San Francisco and Las Vegas, they will reside in Brookfield, Ill.

Margie Novak, a cousin of the groom.

It was a beautiful wedding. After all, red is a beautiful color.

Just heard AARP chapter 387 has some super events in the works. Tuesday, Sept. 28 is the day for a social and pot luck luncheon (remember to bring a hot dish and your own table setting). Also, tickets are now on sale for a Halloween Party on Tuesday, Oct. 26.

GLAD TO KNOW Arlene Molinaro is recovering well at Victory Memorial from her heart attack two weeks ago. I'm sure all her home economics students at the Upper Grade School are happy she's out of intensive care as of last week.

Cards and wishes are welcomed for Melvin Wohlfel who had surgery this week at St. Luke's Hospital, 2900 W. Oklahoma Ave., Milwaukee, Wis. 53215. Hope to see Mel back soon at Carey Electric.

HAD A PHONE call from Helen Borovicka of Reeves Drugs last week. Sure was nice to chat with her.

Helen is recuperating from surgery and we can't wait till she's back on the job full-time.

Ruth, Edna and Sandy feel the same way.

If there's a nicer lady in Antioch than Helen ... well, we haven't met her yet.

NEXT SUNDAY is Karla Herbst's 16th birthday. Lovely young lady, that Karla.

Carl Amundsen and Ted White will celebrate their birthdays next Wednesday, the 29th. Two of Antioch's great athletes of the future.

Hear tell that Mr. and Mrs. Irv Carey will be celebrating their 49th wedding anniversary on Friday, Oct. 1. Next year, it's Ireland.

Hope Phyllis Kapischke's knee is okay after Jean Rockow wrapped a golf club around it on her backswing. We haven't seen Phyllis' knee, but Jean showed us hers. Lovely.

Now I heard him padding down the hall toward the open-door bathroom, making that primordial moan in the back of his throat that doesn't mean he has a piece of Kitty-Kandy.

Cuchulain reached the bathroom door and stared at me with his lime-green eyes, incandescent with conquest. He carried in his mouth those who restrict their watching to the family hour should now turn the page—a large, live gopher which was making a noise through its long, yellow teeth somewhere between that of a mouse and a frog.

Cuchulain strode into the bathroom and, with the flourish of a magician twirling his

CURBSIDE PICKUP ONLY

Bagged or boxed for easy pickup.

PROBABLY A STATE RECORD -- This northern pike, caught by Robert Trusz of Chicago while fishing in Lake Marie, is probably a state record, according to the Illinois Conservation Department. Trusz' catch weighed 23 pounds and 12 ounces, and was 44 inches long. Conservation department books list the state record as 20 pounds, 5 ounces, caught in 1952. Trusz was fishing Sept. 12 at 6:30 p.m. in a weed bed, in rather shallow water, casting with a Mr. Twister lure. Shown with him are his wife, Maria, and his son, Bobby Jr.

Taxing Pollution Is No Solution, NAM Claims

A tax on pollutants would hinder, not help, the battle against pollution, according to the National Association of Manufacturers.

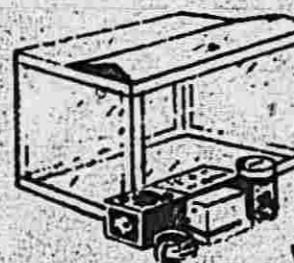

"American industry is not interested in a license to pollute," Daniel Cannon, NAM's director for environmental affairs, told a House Environmental Study Conference.

He pointed out that the business community is spending \$9.5 billion this year on new pollution control facilities. Mr. Cannon opposed taxing effluents and emissions as a control device because it would be a "negative approach" which in principle would allow polluters to continue to pollute if they paid the tax.

HIGH STYLED 1977 CHEVROLET CAPRICE debuts as an all-new, full-size car closely tuned to changing consumer life styles and matched with the nation's goals of conserving fuel and natural resources. The new Chevrolets will be on display Thursday, Sept. 30, at Teresi Chevrolet-Oldsmobile in Antioch. The completely redesigned Caprice will be offered in coupe, sedan and station wagon models. Ushering in a new era of Chevrolets, the 1977 Caprices boast more fuel efficiency and safety

effectiveness. Matching the trim new dimensions, additional operating efficiency and fuel economy is made possible by the addition of a 4.1 litre (250-cubic inch), six-cylinder engine and a smaller displacement 5.7 litre (305-cubic inch) base V8. The six-cylinder engine is the standard power plant for sedans and coupes while the 5.7 litre (350-cubic inch) V8 becomes the top optional engine.

Expert Palates Guide Scientists

The individual smoker is still important to the scientists at R. J. Reynolds Impres-

sive research facilities. Although scientists have identified 2,260 compounds in

the smoke and 1,165 in tobacco, there is still some question as to what goes into a pleasant smoke, according to Reynolds scientists. To help overcome this problem, the scientists work closely with "Expert Smokers," a group of highly trained people paid to smoke cigarettes.

By simply smoking a cigarette they can identify the grade and type of tobacco. They can also identify differences between its curing age and origin. More importantly, they can determine flavor, taste and satisfaction. Their findings are then confirmed using sophisticated analytical equipment and procedures.

The R. J. Reynolds Tobacco Company has been a leader in tobacco research since the company was founded in 1875. R. J. Reynolds, himself, was a pioneer researcher, developing natural flavor enhancers, new methods of aging tobacco and new brands of pipe and chewing tobacco.

Possibly his most important innovation, in terms of modern tobacco marketing, was the popular pre-rolled cigarette, Camel. The tobacco industry was revolutionized when he achieved a cigarette that had enough taste to overcome the "roll-your-own" smoking habits of the nation. Another company triumph was the introduction of Winston, the first successful filter-tipped cigarette in the U.S. market.

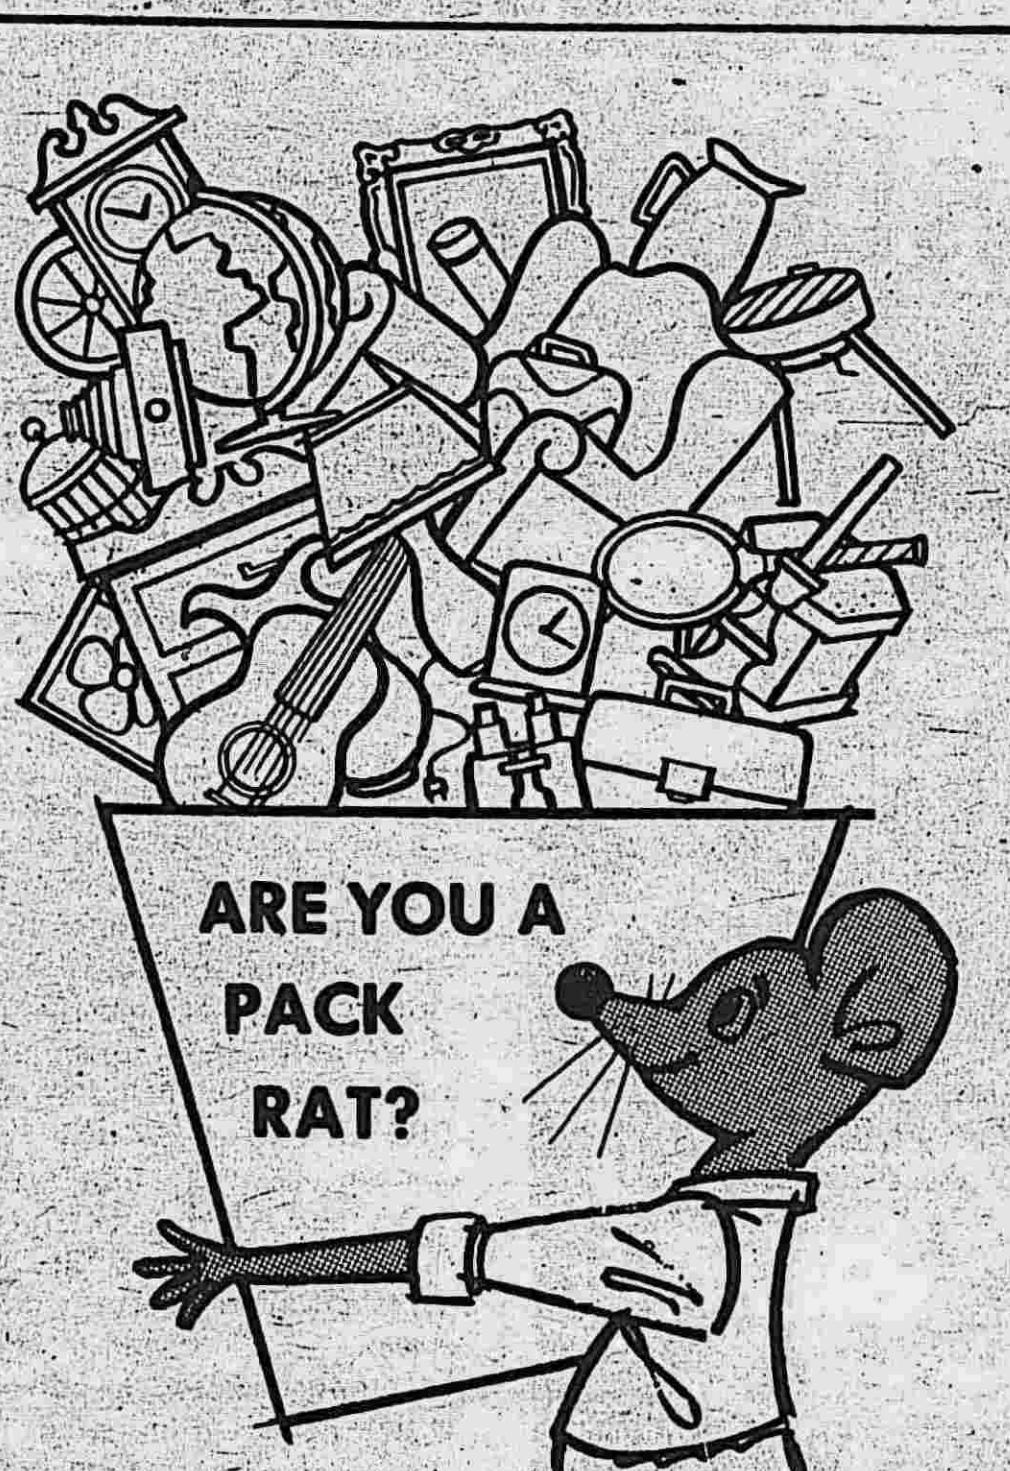

Now cigarettes, the company's newest cigarette, represent the most sophisticated use of tobacco technology to date, with a smoking system designed to deliver flavor at the lowest "tar" and nicotine level generally available in a cigarette.

Tobacco research has come a long way at RJR since the early 1900's. At that time, the research department consisted of a Bunsen burner, a U.S. Navy coffee cup, and one employee. He was the custodian

of the Denatured Rum Store-room and helped Reynolds "flavor" chewing tobacco. The first laboratory facility was established in 1910. It grew steadily as a division within the manufacturing department until 1950, when a separate department was formed. Today it employs nearly 400, including 100 in machine design and includes 35 Ph.D.'s with expertise in analytical, physical, organic and inorganic chemistry.

chemical engineering, biochemistry and plant embryology. The \$4-million Reynolds research laboratories were built in 1953, and a \$2-million addition opened in 1958. In 1969, the company dedicated the \$9-million Bowman Gray Development Center.

Scientists work in pure research, in applied research and product development. They have twice won a coveted industry award for tobacco research.

GREEN BAY PACKER FANS don't let little things like losses disturb their loyalty. Terry Eckert, of Felter's subdivision, has this huge replica of a gold Packer helmet adorning a tree in his yard. Terry, of course, is hoping the Packers beat the Bears this year, because when it goes the other way his Bear-fan friends have a nasty habit of draping the helmet with black crepe paper.

Colburn Wins 2 And Bids 'Adieu'

Dick Colburn, Muskego, won the final 1976 feature race at the Kenosha County Speedway Saturday night.

There will be two more Saturday nights of racing at Wilmot this season, but Colburn is a fireman and must be on duty the next two Saturdays.

He asked officials for permission to thank his fans for their support and bid them farewell, and they responded by giving him two standing ovations. The first came as he left the officials' stand following his announcement and the next when he won the 25-lap feature over fast-time Carmen Manzardo, Lindenhurst.

Luck was riding with Colburn as well as his skill. He was about to lose the wing from his car and, had it come off during the racing, he would have lost the advantage to Manzardo.

Veteran Etchie Bierzer, West Bend, was third in the feature followed by John Tier-

ney, Lake Villa, and Bill Klein, Burlington.

The Saturday night racing for the Super-modifieds which is lasting longer than at any other track, attracted Fuzzy Fassbender, Rubicon, who was 6th in the feature and Rick Lemanski, Fox Lake, Wis., who led the start of the feature and finished 9th with Bob Warren, Beaver Dam, finishing 14th.

Bob Robel, Oconomowoc won the 15 lap semi-feature.

Chuck Ostergaard, Bristol, came from far back to win the 15-lap sportsman stock car feature over Hank Hovorka, Silver Lake, and Mike Klemko of Bristol. Ostergaard finished the feature on a flat rear tire to continue the luck of the winners.

Fishing in the Antioch and Lake Villa area is still listed as "good" by the state conservation department.

Last week's report for Lake Catherine was that anglers were making their best catches near the shoreline. Some excellent catches of northern pike and stripers have been reported.

On Cedar Lake, in Lake Villa, night-crawlers reportedly have been the best bait for largemouth bass. Minnows are working well for crappie fishing on the northwest side of the lake, the department said.

On Deep Lake, largemouth have been hitting on night-crawlers along the west shoreline. Fish have been averaging 1½ lbs.

"FAIR RESULTS" are reported on Antioch's Lake Marie. Northern pike weighing up to five pounds have been caught and plastic worms seem to be luring most fish from weedbeds.

STATE WATERFOWLERS will have 50 days to hunt ducks and 70 days to harvest geese. Duck season is scheduled for Oct. 23 through Dec. 11.

Except in the four-county quota zone of southern Illinois,

geese may be hunted from Oct. 23 through Dec. 31. Shooting hours for both species are the same—one-half hour before sunrise to sunset.

Illinois will use the point system again in determining bag limits for ducks. The daily bag limit is reached when the point value of the previously taken birds equals or exceeds 100 points. Possession limits cannot exceed two day's daily bag limits.

WARNING! Owners of model No. 159 boats manufactured by Somerset Boats, Inc., are being recalled after failing to comply with Coast Guard safety standards. The boats were found to have overrated horsepower, persons and maximum weight capacities displayed. Also, nearly all the boats are without sufficient flotation material.

The Coast Guard is urging all owners of model No. 159 Somerset boats to use caution when operating them, and that they should contact the manufacturer to correct the situation.

Garlits Discovers Life At 44 Is "Fun"

WINSTON-SALEM, N.C. — Don "Big Daddy" Garlits was no different than 99 percent of the men in the world about becoming 40 years old. "I hated that day," he says emphatically.

But four years later he's saying life is "fun."

Believe it or not, but what made the difference was a stint in the hospital.

In 1970 while traveling down a drag strip in excess of 200 miles per hour, the engine on Garlits' dragster exploded, cutting off his foot.

With nothing but time to think while recovering from the accident, Garlits became convinced that a rear engine dragster was the only solution to assure that another driver wouldn't have to go through what he had.

He spent the entire winter at his shop in Seffner, Fla., designing the rear engine model that would become the dominant vehicle in the Top Fuel Division. In the last several years, every major event winner in the division has utilized the rear engine dragster.

Mitzi Richards, Miss Winston, and Don "Big Daddy" Garlits discuss the next major event in the International Hot Rod Association's Winston Challenge series, the Eastern Nationals at Darlington (S.C.) International Dragway on June 4-5-6. Naturally, Garlits will be the favorite in the Top Fuel division.

And the success he's had since borders on the unbelievable.

In 1975 alone, his 25th year of drag racing, he won both the International Hot Rod Association and the National Hot Rod Association championships and over \$250,000, including \$35,000 in point money from Winston cigarettes and NHRA.

In the IHRA Winston-Challenge series, he put together a five-event winning streak — a feat never before accomplished in the division which he has dominated since the first day he hit the strip. For the year, he won six of the eight national meets.

And he was just as successful on the NHRA circuit, capturing four of the seven national Winston World championship series events he entered.

As a climax to the year, he piloted his Wynn's Charger to a world record of 5.63 seconds at a speed of 250.69 miles per hour in the Winston World Finals at Ontario, Calif. Both marks still stand.

"It's a pleasure now," says Garlits, whose 59 career national titles are more than double what anyone else has achieved. "I really love speed — the faster, the better. I love to race, but I don't care anything about risking my life."

A learned man is an idler who kills time by study.

A TIMELY NOTE
Victor Borge once told a friend that he could tell time by his piano. His friend was incredulous so Borge volunteered to demonstrate. He pounded out a crashing march. Immediately there came a banging on the hotel room wall and a shrill voice then screamed, "Stop that noise. Don't you know it's 1:30 in the morning?"

Pheasant, Goose, Duck Permits Available

Permit applications to hunt on state-managed pheasant, goose and duck hunting areas are now being accepted by the Department of Conservation.

"Permits will be issued on a first-come, first-served basis," said John McGuire, director of the Department. "Each hunter will be allowed one permit to hunt a pheasant area, one permit for a goose area and one permit for the duck hunting area."

The director pointed out holidays, opening days and weekends are in greatest demand, and urged hunters to select other dates when possible. Applicants should give a second choice of dates when applying.

Non-hunters will not be allowed in the field or in hunting blinds during shooting hours. The use of hunting dogs is encouraged at all sites.

Put-and-take pheasant hunting begins Nov. 13 and continues through Dec. 12 at the seven shooting areas. Sites and number of hunters allowed each day are: Carlyle Lake, 175; Chain O'Lakes, 90; Des Plaines, 230; Green Rivers, 130; Iroquois County, 125; Rend Lake, 160; and Richland County, 140. Permit holders must check into the areas between 7 a.m. and 8 a.m. and available spaces will be filled on a first-come, first-served basis. A \$5.00 daily usage fee is charged at the hunting sites.

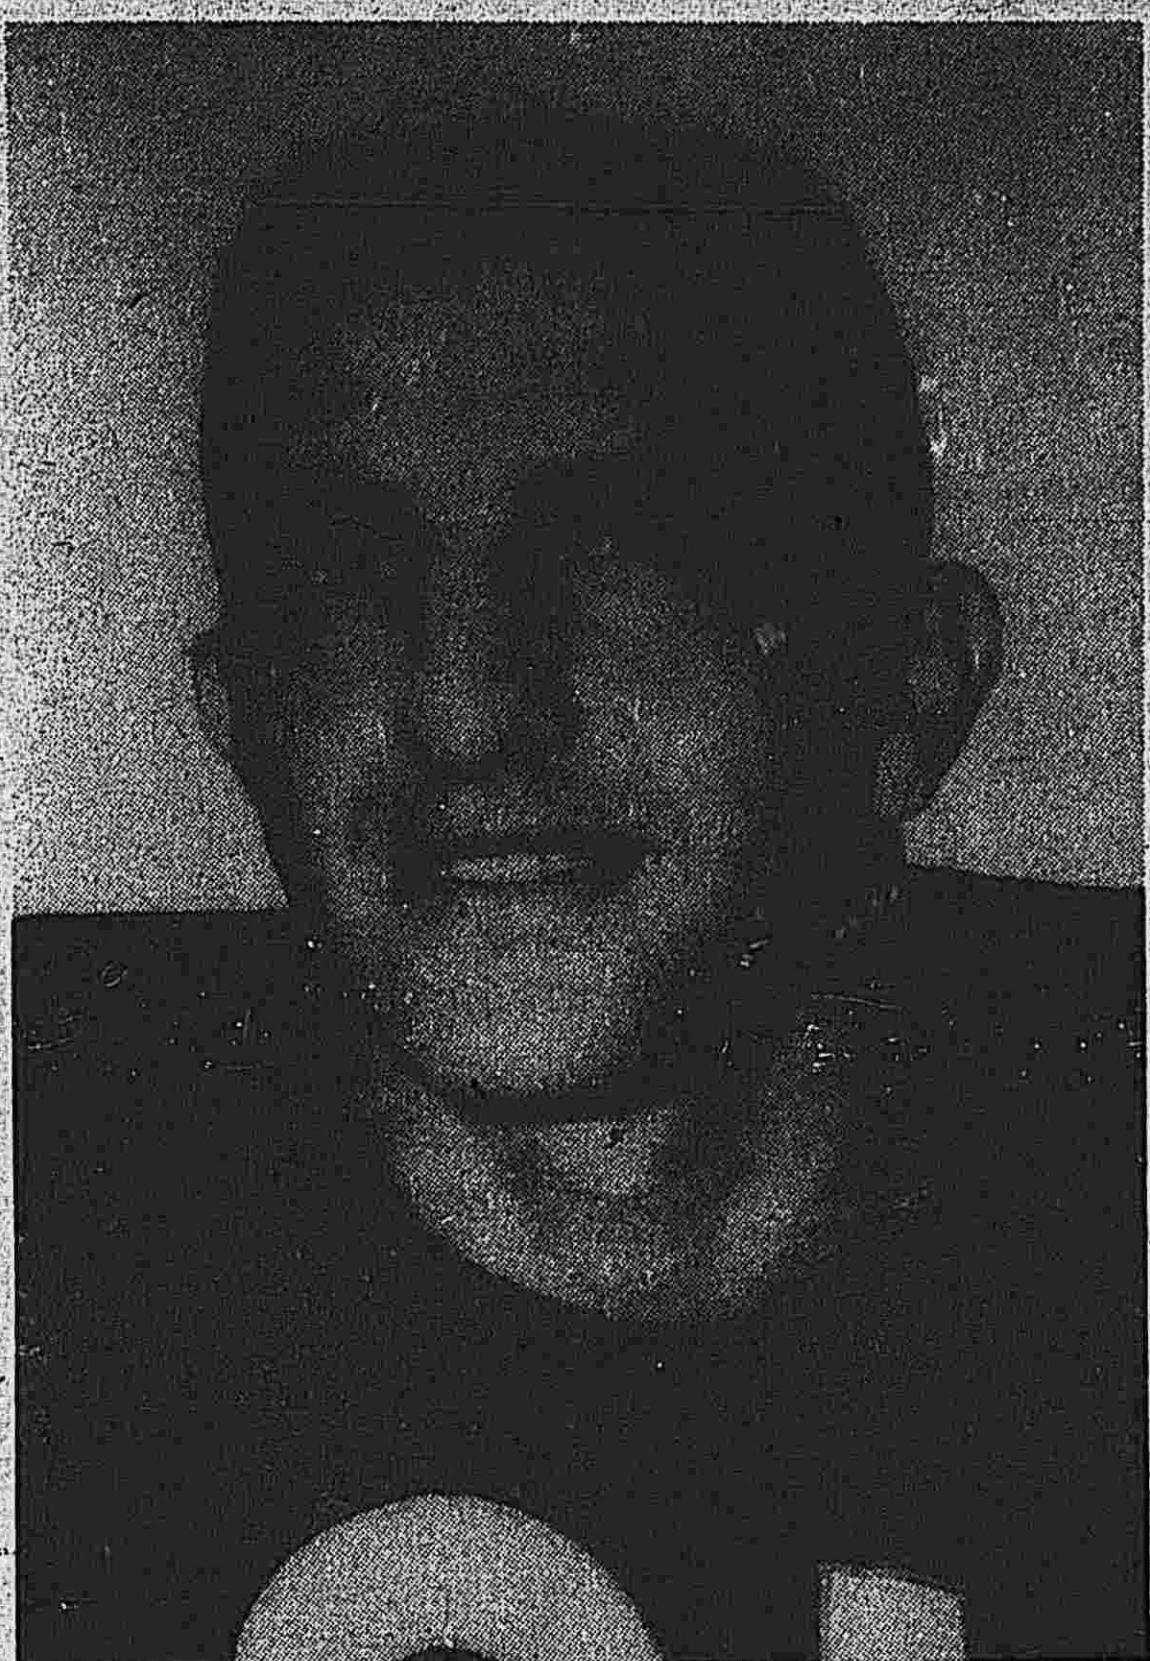

Goose hunting at Horseshoe

Lake and the Union County Wildlife area begins Nov. 23, the day after the season opens. Permits will be issued for each day of the season, except Mondays when sites are closed, and Dec. 24, 25 and 26. The season concludes Jan. 20 or when 22,000 geese have been harvested in the four-county quota zone. Hunters must check into the shooting areas between 4 a.m. and 5 a.m. with drawings for blinds beginning at 5 a.m. Any day that blinds are available following the drawing they will be filled by a second drawing of those persons present. One hundred hunters are allowed at each area daily. A \$5.00 daily usage fee is charged at the sites.

Permits for hunting at Rice Lake duck area will be issued by blind sites this year. Hunting begins Oct. 23 and ends Dec. 11. Hunters may apply in groups of from one to three persons, and sportsmen wishing to hunt with partners must apply together. Persons applying alone will be required to hunt along.

Hunters must check into the area between 4 a.m. and 5 a.m. and drawings for blinds will begin at 5 a.m.. Any day blinds are available after the drawing for permit holders, they will be awarded by a second drawing among persons present. There is a \$3.00 daily usage fee charged at the site and hunters are required to rent a boat at the area at a \$2 per day charge.

Hunters wishing permits should list their name and address, area they wish to hunt, first and second choice of hunting dates, and send to: Illinois Department of Conservation, Permit Office, 605-A State Office Building, Springfield, IL 62706.

FORMER CHICAGO BEARS great Bill George will be a guest speaker in Antioch on Saturday, Oct. 2, when the Moose Lodge holds its Sportsmen's Night. Ronnie Bull, former Bears running back, will accompany George. The fun starts at 8 p.m. and costs only \$1. Tickets are being sold at the Moose Lodge bar. Smoked coho, turkey, goose and duck will be served, and there will be movies of interest to sportsmen, presented by the local Ducks Unlimited group.

Antioch Runners 4th in Big Meet

Cross-country running is a tortuous sport, but Antioch High's team is making it look easier this fall.

Coach Ken Kasuboski's Sequoits placed fourth among 14 schools last Saturday in the big Wauconda Invitational meet.

Dan Otten, Chuck Paulson and Bill Harland came home fourth, fifth and sixth respectively, each winning a trophy.

Wauconda won its own meet, followed by Crystal Lake, Warren and Antioch.

Antioch's freshman-sopho-

more team placed sixth with Mark Biel as its top runner.

Last Saturday, Antioch hosted a triangular meet at Fox River Park, beating Crown 25 to 30 and losing to Wauconda 25-32. (Low score wins in cross-country.)

Otten and Paulson placed second and third for the varsity.

The frosh-soph team beat Wauconda 27-28 and Crown 22-23. Matt Firestone and Mark Biel finished first and second for Antioch.

cape, tossed the gopher into the tub. I screamed and jumped out at the exact moment the gopher hit the water—then fled through the back hall, the office, the other

bathroom and the sun room, which, thank God, opened into the garage instead of the backyard (although I would have taken that door no matter where it led).

I then found myself in what must surely be one of the most confounding situations ever encountered by a gentle housewife. I was without clothes, wet and standing in the middle of the garage.

After what seemed hours, I summoned a few scraps of self-confidence, went back into the house and walked down the hall with my eyes shut tight. I closed the bathroom door and the next day I sold the house. Honest.

Sequoits Face Another Tough One

As William Shakespeare said: "Great men great losses must endure."

Antioch High School's football team suffered a great loss last Saturday, when it was upset by Grant's Bulldogs 34-7 here.

If Mr. Shakespeare knew what he was talking about, the loss will make Antioch's Sequoits greater when they play at Warren this Friday night.

The sophomore game starts at 6 p.m. and the varsities will take the field at about 7:45.

ANTIOCH SURPRISED everyone by carving out a 7-2 won-lost record last year. This year, some thought, the Sequoits would be contenders for the conference championship.

So far, Antioch has lost to a big Dundee team 12-6 and ... last Saturday ... they were surprised by those darned Grand Bulldogs.

Warren's Blue Devils, meanwhile, have rolled over Cary-Grove 32-7 and Round Lake 35-8. But Warren still hasn't been tested by a tough team.

Antioch will offer that test this Friday night.

Just because this year's Antioch team has lost its first two games, don't get the idea it's a pushover.

This is a talented, tough

bunch of young men who have been ... pretty much ... victims of circumstances in their first two games.

If Warren takes these Sequoits lightly, Warren is in for a surprise.

"We're playing a good ball club Friday night," said Antioch's coach, Roy Nelson, "but I think our kids will answer the call."

THE GAME against a big Dundee team could have gone either way. Antioch played that club on even terms.

Last Saturday's 34-7 loss to Grant was hard to believe, and even harder to watch.

After taking a 7-0 lead in the first quarter on Wally Wallraf's 48-yard touchdown run, everything ... but everything ... went against the Sequoits for the rest of the afternoon.

Grant scored 22 points in the second quarter and had a 22-7 lead. If Antioch could have scored just before the half ended, and closed the gap to 22-14 or 22-15, the outcome obviously would have been different.

But the Sequoits' second quarter march for a touchdown

ended when time ran out with Antioch on Grant's four-yard line.

IN THE SECOND half, Grant added touchdowns in the third and fourth quarters. Mean-

while, the Sequoits couldn't get on the scoreboard.

It was still a contest in the second quarter, when Grant led 14-7. But then an Antioch punt was blocked. Grant's Kerry Kelly grabbed the ball and ran a

mere 14 yards for the easy touchdown that led to the 22-7 halftime lead.

THAT WAS just one of the discouraging breaks that broke the Sequoits' back.

At least two of Grant's

Please turn to page 27

ANTIOCH RUNNING BACK, Wally Wallraf (left), was a star in defeat again last weekend as he fought his way past Grant Bulldog defenders. Friday night, Warren's Blue Devils will get the job of stopping Wallraf and Antioch's other offensive weapons.

50-Lap Lake Geneva Race Won by Evans

Dave Evans of Crystal Lake drove his late model stock car to an impressive 50-lap season championship win at the Lake Geneva Raceway Saturday night but failed to earn the "bounty" posted for a win over point-leader and new champion Dave Watson, Milton.

Watson did not race in the season championship and final race for the late model stocks. Instead, he was in Missouri for a large purse race and some "bounty" hunting on his own.

Even with Watson away, the races were close, exciting and provided a good windup for their final appearance as the late model stock car drivers completed 40 laps before the first and only yellow flag. It came when Conrad Morgan, Dalefield, and Joe Torri, Lake Villa collided in the first turn.

Tom Jones, Northbrook, set fast time of 16.93 seconds and started the race in last place

and finally worked his way up behind Evans but the Crystal Lake Chauffer drove a crafty race and kept Jones behind him in the final laps.

The sportsman stock car racing, which will now take over the top billing spot this Saturday night, saw Johnny Baumeister, Burlington, set fast time, finish third in the 10-lap heat race and then second to Burlington's Roger Otto in the 25-lap feature.

Rick Roberts of Antioch won a heat race.

Tom Mack, Burlington, scored his third straight clean sweep in the spectator stock car competition which also will be back this Saturday night to support the sportsman stock car racing.

The following week, Sunday, Oct. 3, the racing switches to Sunday afternoons with time trials at 4:30 p.m. following the Sunday drag races.

Girls Softball Awards Night Sept. 29

Sept. 29 is the date and the Antioch Upper Grade School is the place for the first annual Antioch Girls Softball Awards Night.

The festivities begin at 7:30 p.m. in the cafeteria where the Girls Softball Organization will present trophies to the first place teams and special awards to coaches, all stars, and improved players.

Also planned for the evening are speakers and refreshments.

Sue Koppa, village coordinator of parks and recreation, says, "This promises to be fun and exciting. We encourage everyone to attend this special event."

Better Eating...

What foods do people eat that come from cattle? Meat, of course, but also: margarine, chewing gum, marshmallows, candy, ice cream, gelatin desserts and bakery products.

All of these items utilize by-products from cattle — either as an integral part of their composition or in their manufacturing process.

Are you a "breakfast skipper"? Food surveys reveal breakfast skippers seldom make up for the loss of nutrients during the rest of the day. Breakfast should supply from 1/4 to 1/3 of the nutrients needed for the day.

Speaking of breakfast, here's an idea on how to always add color to the first meal of the day. Include fruit. Top bowls of your

favorite ready-to-eat cereal, for example, with peach and/or strawberry slices.

Even if you're not old enough to remember "the good old days", chances are you've heard about them — the five cent ice cream

cone, 25 cent haircut, 15 cent gallon of gas. Human nature being what it is, we tend to recall only the good things about bygone times.

Thought to brighten your day: "a smile is contagious — spread it".

touchdowns were the result of Antioch mistakes ... mistakes the Sequoits aren't likely to keep making as the season progresses.

This is a young Antioch team, with a lot of talented juniors up from last year's undefeated sophomore club. As the season progresses, the juniors will gain experience and, as that fellow Shakespeare said:

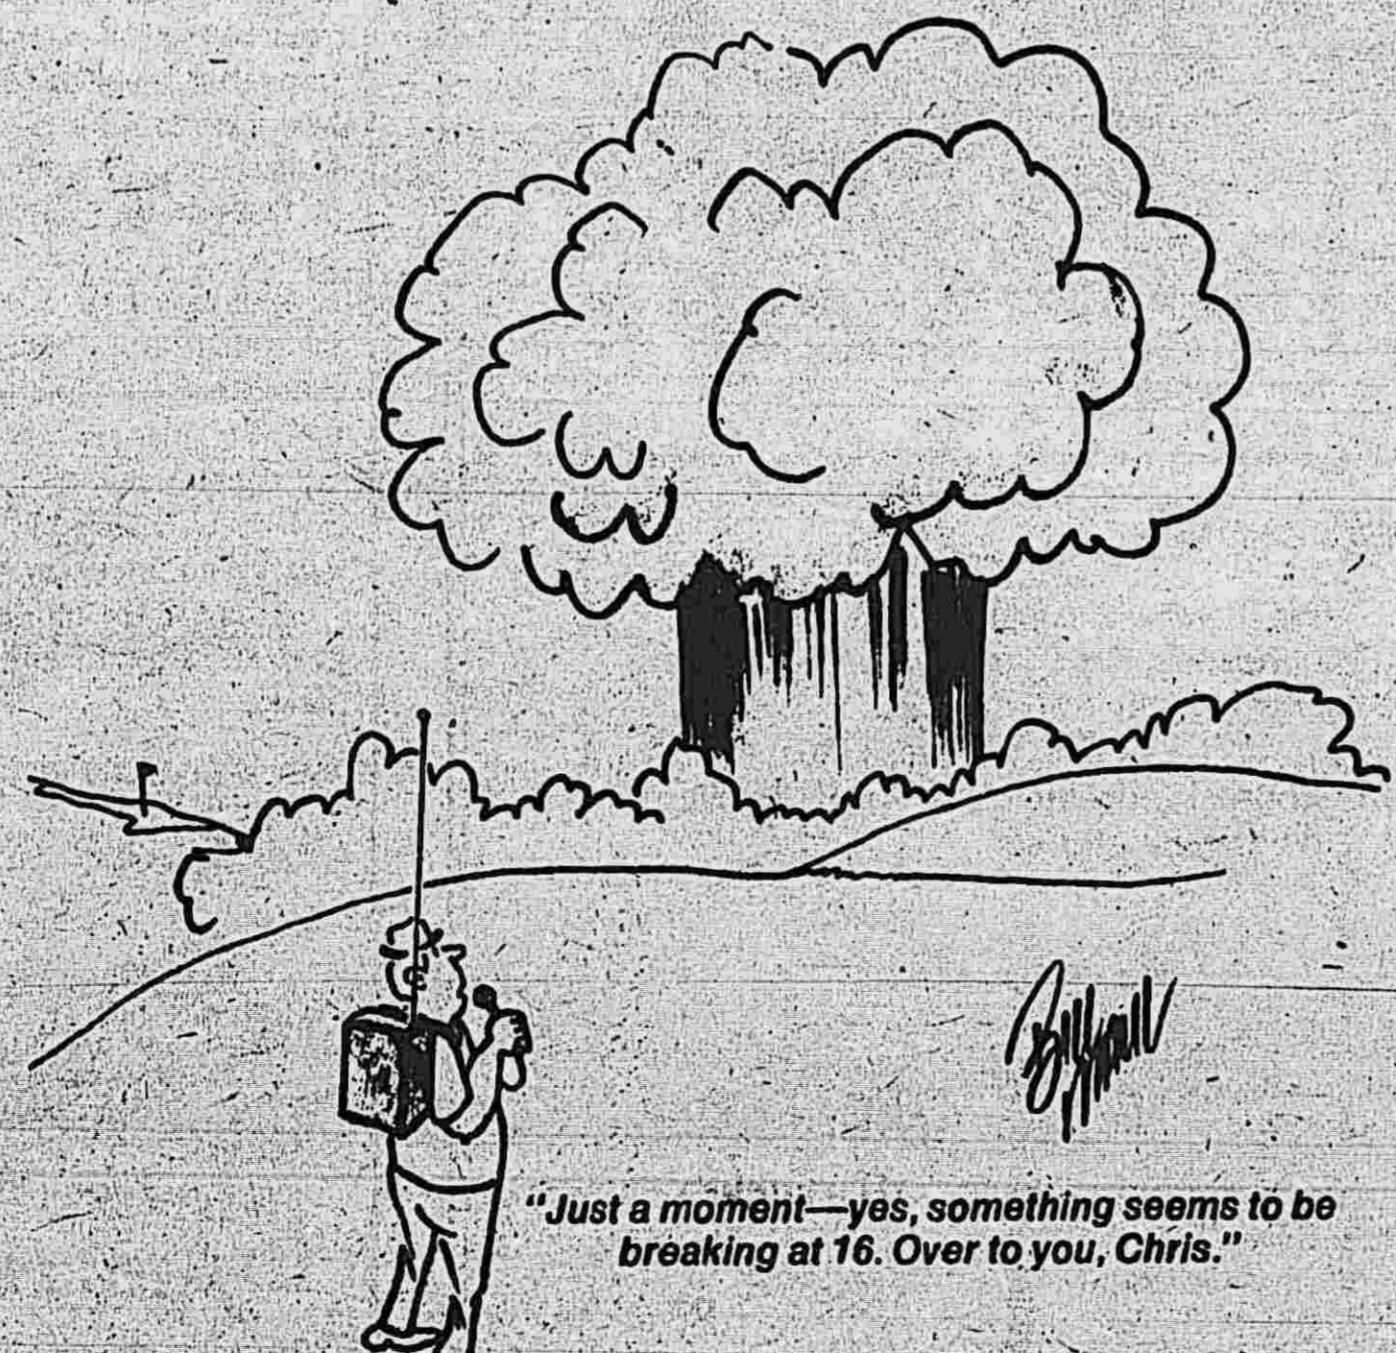

"Their talent will come out."

WALLRAF LED Antioch's ball-carriers against Grant by gaining 60 yards in nine cracks at the Bulldog defense. Doug Schreiber wasn't far behind with 41 yards in nine tries. Kenn Rosenbrock broke into the ball-carrying ranks by picking up 17 yards in five attempts.

Junior quarterback Brian Andrews, although he suffered a deep shin bruise, completed seven of his 16 passes for 123 yards. Tim Huebner caught four of them for 58 yards.

TRYING TO FIGHT his way through Grant's defense last Saturday was Antioch running back Doug Schreiber.

STOPPING GRANT COLD, at least on this play, was Tom Huebner, making the tackle. Number 45 at the right is Antioch's Jeff Mulder and No. 13 in the background is Tom Dixon.

Hole-in-One Rare? Not for Sequoits

This one belongs in "Believe It Or Not" by Ripley. A little more than a week ago, Del Gorski, a member of Antioch High School's golf team, scored a hole-in-one on Spring Valley's 165-yard seventh hole.

A week later, another member of the team, Steve Hartokolis, fired a hole-in-one on the same hole.

Probably, in the history of high school golf, such repeat performances have never happened.

And only a year ago, Gorski had an "ace" on Spring Valley's 170-yard 11th hole. Most golfers wait all their lives for a hole-in-one and never get one ... but Antioch's teen-age players are knocking the ball in the hole from the tee with stunning frequency.

THE SEQUOITS, coached by Mark Guthrie, began conference play last week with victories over Dundee and Lake Zurich.

Antioch won both the varsity

(154 to 165) and junior varsity (175 to 189) matches at Dundee.

Gorski was medalist with a 36 for nine holes, followed by Pat Houghton's 38, Hartokolis' 39 and Keith Rezin's 41. Dennis Korpjek led the junior varsity with a 40.

ANTIOCH HOSTED Lake Zurich at Spring Valley and won the varsity match by 36 strokes. Houghton took the "medal" with a 37 while Gorski, Hartokolis and Chris Bechtel all shot 39s.

Antioch's junior varsity set a school record by carding a 160

total for four players while Lake Zurich needed 219.

John Eder led the way with a 38, Bob Sertic had 39, Dave Behne 41 and Glenn Blanchette 42.

Coach Guthrie's Sequoits now lead the Northwest Suburban Conference with a 2-0 record and the junior varsity also is 2-0.

Both teams are 3-1 overall this season.

This week the Sequoits were scheduled to play Warren, a conference favorite, and then on Thursday they will host Round Lake at Spring Valley.

Rodger Kruse Wins \$15 in Football Contest

Co. We'll be mailing the check to Rodger this week.

THERE WAS a tie for second between Julie Mowen and John Silianoff, both forecasting that Grant would win by 13 points.

The tie-breaker was the Chicago Bears' game against San Francisco. Julie said the Bears would win by 6, and they won by 7. John picked San Francisco by 7 points.

So Julie wins second prize, a \$10 gift certificate at Rittenhouse & Embree Lumber Co., while John will be sent the third prize, a \$5 gift certificate at Swan's Liquors.

ANOTHER FOOTBALL contest appears on page 29 of this issue. Be sure to get your entry blank in before Friday's 8 p.m. game between Antioch and Warren.

Hockey Clinic Once Again

A free hockey clinic will be conducted again this Saturday, Sept. 25, as a result of the good turnout last weekend.

Ron Williams of Lake Villa, who is helping direct the program, said the free skating will begin at 10 a.m. for 6 through 8-year-olds. In addition, a second session will be held at 11:30 a.m. for boys 11 and over.

The clinic will be held at the Waukegan Twin Skate arena, 3340 Grand Ave., and is open to all boys in the area.

**So you think
the Wildcats are
the doormats of
the Big Ten!**

**Take a look at
these team facts.**

Only one team other than Michigan or Ohio State has finished as high as second in the Big Ten since 1970. Northwestern!

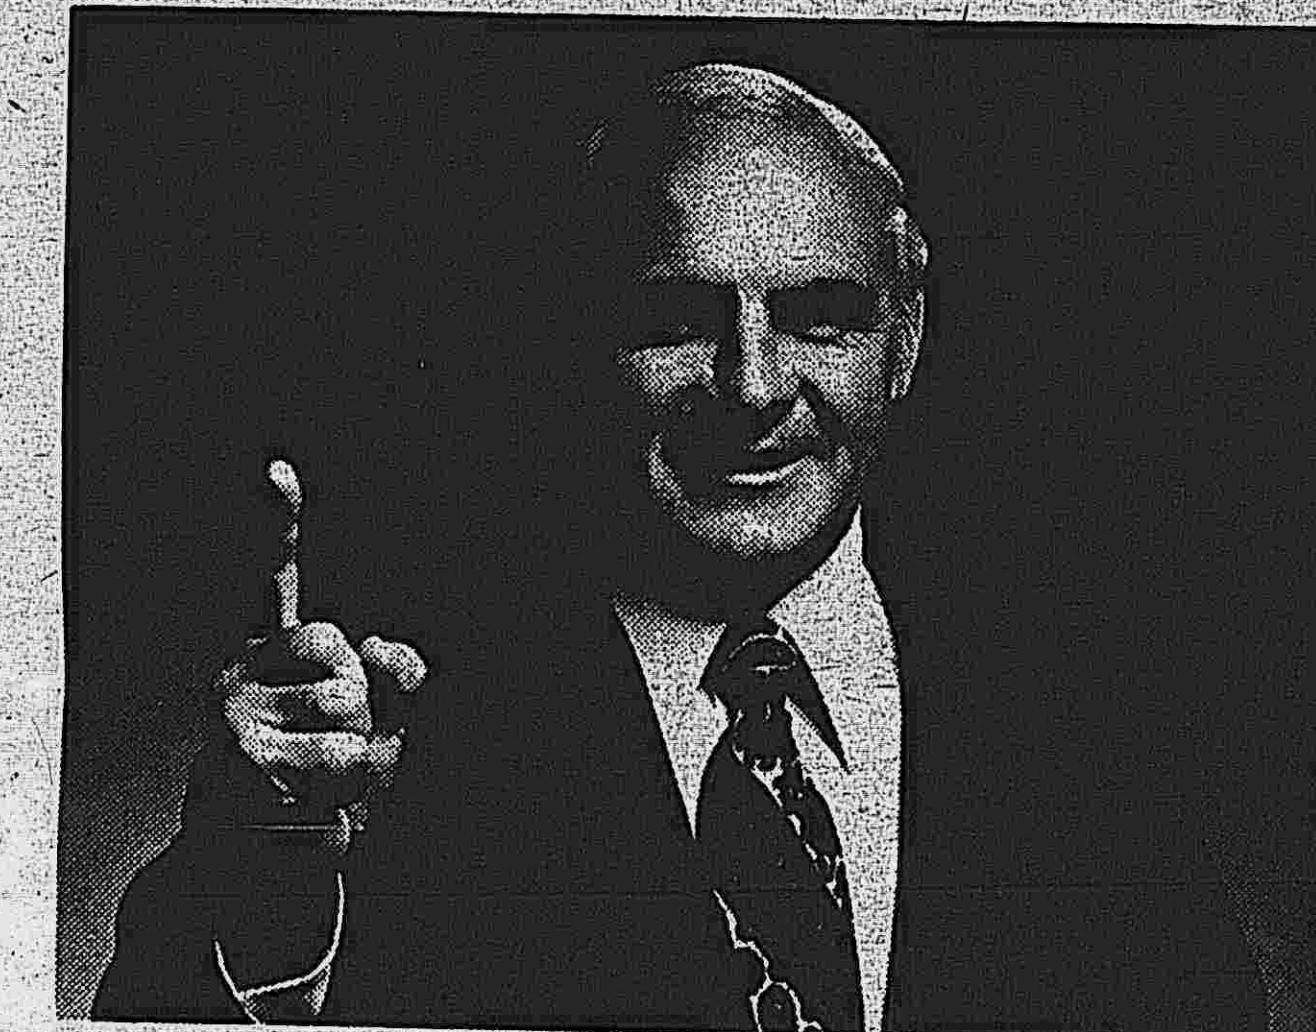

The Wildcats have finished in the first division of the Big Ten three of the last six seasons.

NU ranks third in the total number of all-Big Ten selections since 1970.

Northwestern is the last team to defeat Ohio State in Columbus.

In five of the last six years, the leading pass receiver in the Big Ten has been from Northwestern. In 1975 it was Scott Yelvington, who was also ranked 13th in the country.

Returning tailback and All-American candidate Greg Boykin is the Wildcats' all-time leading rusher.

Get a load of the home schedule.

Notre Dame*... Last time on Wildcat schedule for at least 10 years ... led by All-Americans Ken McAfee and Ross Browner.

Arizona*... Lightning fast team speed ... explosive offensively ... 5th in nation in total offense.

Michigan*... 10th in country in total offense and 11th in total defense ... led Big Ten in 5 different team categories.

*Nationally ranked in pre-season polls.

Wisconsin... 'Cats will be hungry to avenge last year's heartbreaking 17-14 defeat.

Minnesota... led by quarterback Tony Dungy ... he led conference in total offense and ranked 15th in the country in passing.

Michigan State... new head coach Darryl Rogers promises a more open offense, particularly a bolder passing concept.

Coach Pont estimates that nine Wildcats are among the best at their positions in the Big Ten. Yelvington and Boykin join All-American candidate at defensive back Pete Shaw, quarterback and Olympian Randy Dean, four-year starting middle guard Paul Maly, and a whole field of feisty Wildcats to take on one of the toughest and best home schedules ever.

Rescue Squad

Has 88 Calls In One Month

The Antioch Rescue Squad answered 88 calls in the past month.

Several persons were taken to nearby hospitals: Victory, St. Therese, Condell, McHenry, Lake Forest, Kenosha, Downey and Great Lakes.

They answered one plane crash call and out of the 88 calls, 15 were accidents.

The volunteer members of the organization wish to thank all of the generous people who donate to the Rescue Squad, especially since they must depend on these donations to purchase their equipment and supplies needed to aid the community.

Sharing the Driving Reduces Pollution As Well as Costs

If you've joined a car pool, you know you've made a wise move, but you may not know how smart you are.

Company officials at Pitney-Bowes, Inc., estimate that by joining a four-person car pool, a commuting employee who drives 30 miles to and from work can save himself \$328 a year in gas and lubrication costs at current prices.

In addition, the company projects the employee will conserve 2,046 gallons of gas, while substantially reducing the amount spent for car maintenance and tolls.

Pitney-Bowes is also encouraging car pools in order to lessen air pollution and relieve traffic congestion. The company is providing reserved parking spaces close to plant entrances for those people in three- or four-person car pools.

OBITUARIES

Lake Villa's Horace Culver Dies at 88

Horace F. Culver, 88, of Hwy. 45 near Grand Ave., Lake Villa, died Monday, Sept. 13, at Victory Memorial Hospital.

He was born May 17, 1888, in Lake Villa, the son of Everett and Alice Culver.

Mr. Culver's grandparents settled in Lake County in the 1840's and he had lived in Lake Villa Township all of his life.

Mr. Culver was a member of the Millburn Congregational Church and of the Lake County Farm Bureau. He also had been a trustee on the Fox Lake Cemetery Board for many years.

Mr. Culver married Lura Gilbert Jan. 8, 1914, in Lake Villa and was employed as a farmer.

Survivors include his widow, Lura, and one daughter, Mrs. Jean (Chalmer) Wooley, Lake Villa.

Funeral services were held last Thursday from the Strang Funeral Home in Antioch with the Rev. Donald McPeek of the Millburn Congregational Church officiating. Interment in Fox Lake Cemetery. Memorials may be made to the Lake Villa Rescue Squad.

GOVERNMENT SPENDING AT ALL LEVELS—federal, state, and local—today account for 36 per cent of the nation's total output of goods and services. In 1950, it represented 21 per cent of GNP and, in 1930, only 12 per cent.

Restorations

Your cherished memories don't have to stay tucked away in that attic trunk or in the old family album you pored over as a child. They can be made to glow again ... in an honored place in your home or as a gift to someone dear.

ABC's of Travel

Domestic and International

By BARB CORBIN

BITS AND PIECES ... For year-round occasions, Travel Gift Certificates, birthdays, anniversaries, weddings, new jobs, incentives, holidays, business gifts, confirmations, graduation, etc. We, your local travel agent have tied up the entire world in a nice bright package that you can give year-round with pleasure and pride to people who are special to you.

Because travel is no ordinary gift it means excitement, new adventures and lifetime memories. And it all starts with a beautiful piece of parchment from your travel agent.

A Travel Gift Certificate is still very unique today. When you purchase a certificate from us all we do is fill in the name and the amount of the certificate. When the recipient comes to us to redeem the certificate just apply the amount to the cost of whatever travel arrangements or services he chooses. It's as simple as that.

With the up and coming holidays, what a simple way to do your shopping!

Stop in and see what all can be done for that special person and occasion in your life. I will close with this travel thought for you:

BARB CORBIN

a philosopher once said, "He who never leaves his county is full of prejudices!"

This is something one could never say of me, the wandering travel agent on the go.

"If things don't pick up, Jessop, we'll be out of business."

The yellow color of the withered mistletoe branch was thought to be endowed with the power to discover buried treasure.

Cub Olympics Big Success

It may not have been the Summer Olympics in Montreal, but to the boys of Grass Lake Cub Scout Pack 80 it was the next best thing.

Sunday, Sept. 19 the Cubs held their own Olympics at Grass Lake School with the Cubs competing in six events.

The winning contestants in each event were: shot put - Tim Torkelson, Richter Pauly, and Dennis Bergl; javelin - Dennis Bergl, Tim Torkelson, and Richter Pauly; broad jump - Tom Sexton, Gordie Pierse, and Mike Papp; basketball toss - Tim Torkelson, Richter Pauly and Dennis Bergl; frisbee toss - Mike Papp, Frank Soe, and Dennis Bergl; and dash - Dennis Bergl, Tim Torkelson and Richter Pauly.

Each boy received a ribbon for his achievement and a ribbon for his participation. Medals were given to the boys who acquired the most points. Winners were: Tim Torkelson, gold; Richter Pauly, silver, and Dennis Bergl, bronze.

Also, Mike Papp received his Bear badge and one-year pin, Richter Pauly his three-year pin, Tim Torkelson his Wolf badge, and Craig Case his two-year pin. Kenny Bergl was appointed denner and Gordie Pierse assistant denner in Den 1. David Milowski denner and Frank Cunningham as assistant denner for Den 2 and Frank Soe as Denner and Tom Sexton as assistant denner in the Webelos.
